Punjab National Bank Drives Sustainable Mobility with Induction of Tata EV Fleet

Punjab National Bank (PNB) one of India's leading public sector banks has taken a significant step towards promoting sustainability and reducing its carbon footprint by introducing Tata electric vehicles into its official fleet. As part of this initiative, the Bank has inducted 12 Tata Nexon EV vehicles for use by its senior executives, marking a milestone in its commitment to a greener future. As a part of the bank's proactive approach towards eco-friendly transformation, the EV fleet was flagged off by MD&CEO Ashok Chandra along with Executive Directors M. Paramasivam, Bibhu Prasad Mahapatra, D. Surendran, and Amit Kumar Srivastava, in the presence of other senior officials of the Bank and representatives from Tata Motors. Speaking on the occasion, Vishesh Kr Srivastava, CGM, PNB reiterated, "By adopting electric mobility solutions, PNB aims to reduce greenhouse gas emissions, lower dependence on fossil fuels, and contribute to a cleaner and healthier environment. This initiative aligns with the Bank's broader Environmental, Social and Governance (ESG) goals, as well as India's transition towards sustainable development.
