PNB Launches PSB Hackathon 2026

Punjab National Bank (PNB), nation's leading public sector bank, under the guidance of the Department of Financial Services, Ministry of Finance, Government of India, and in coordination with the Indian Banks' Association (IBA), has announced the launch of PSB Hackathon 2026, its flagship annual national innovation initiative aimed at strengthening cybersecurity across Public Sector Banks (PSBs). The hackathon has now evolved into a structured national platform that brings together academia, industry, and the banking sector to collaboratively address emerging cyber threats.

PNB launches PSB Hackathon 2026 with IIT Kanpur

Continuing its strategic partnership with the Indian Institute of Technology (IIT) Kanpur, Punjab National Bank (PNB) is organising PSB Hackathon 2026, focused on building next-generation cyber resilience. The theme for this year, “Quantum-Proof Systems for Public-Facing Applications,” reflects a forward-looking approach.

Feb 26, 2026	PNB has launched PSB Hackathon	The Financial Express	Delhi	21	Bureau

PNB has launched PSB Hackathon 2026, in collaboration with IIT Kanpur, to strengthen cybersecurity across Public Sector Banks. Shifting focus to the future, this year's theme is "Quantum-Proof Systems," aiming to shield digital infrastructure from quantum computing risks. Building on the success of the previous "Code Against Malware" event, which yielded several functional prototypes, this collaboration bridges the gap between academia and industry to ensure robust, next-generation financial security.

Punjab National Bank Launches PSB Hackathon 2026 with Indian Institute of Technology Kanpur

PNB, under the guidance of the Department of Financial Services, Ministry of Finance, Government of India, and in coordination with the Indian Banks' Association (IBA), has announced the launch of PSB Hackathon 2026, its flagship annual national innovation initiative aimed at strengthening cybersecurity across Public Sector Banks (PSBs). The hackathon has now evolved into a structured national platform that brings together academia, industry, and the banking sector to collaboratively address emerging cyber threats. Continuing its strategic partnership with Indian Institute of Technology Kanpur, PNB is organising a nationwide hackathon series in 2026 focused on building next-generation cyber resilience. The theme for this year, "Quantum-Proof Systems for Public-Facing Applications," reflects forward-looking approach to safeguarding its digital financial infrastructure against the emerging risks posed by quantum computing. As global advancements in quantum technologies accelerate, proactive preparedness of the cryptographic systems to secure in a post-quantum era is need of hour.
